Visual Programming With Autodesk Dynamo

Course Length: 2 days

Your introduction to Autodesk Dynamo provides a comprehensive guide to visual programming in Autodesk Dynamo Studio. Topics include working with computational geometry, best practices for rules-based design, cross-disciplinary programming applications, and more with the Dynamo Platform.

The power of Dynamo can be found in a wide variety of design-related activities. Dynamo enables an expanding list of readily accessible ways for you to get started:

- Explore visual programming for the first time
- Connect workflows in various software
- Engage an active community of users, contributors, and developers
- Develop an open-source platform for continued improvement

For the current course
schedule and to register
for this course:

Web: redstack.com.au

Phone: 1300 667 263

The course focuses on the essentials you will need to get up and running developing your own visual programs with Dynamo and key insights on how to take Dynamo further.

Prerequisites:

Before taking this course, students need to have a good working skill level in CAD software.

Technical Education Services

Table of Contents

Visual Programming With Autodesk Dynamo

Chapter 1: Introduction

- What is Visual Programming?
- What is Dynamo?
- Dynamo in Action

Chapter 2: Hello Dynamo!

- Installing and Launching Dynamo
- The User Interface
- The Workspace
- Getting Started

Chapter 3: The Anatomy Of A Visual Program

- Nodes
- Wires
- Library
- Managing Your Program
- Managing Your Data with Presets

Chapter 4: The Building Blocks of Programs

- Data
- Math
- Logic
- Strings
- Color

Technical Education Services

Chapter 5: Geometry of Computational Design

- Geometry Overview
- Vectors
- Points
- Curves
- Surfaces
- Solids
- Meshes
- Importing Geometry

Chapter 6: Designing With Lists

- What's a List?
- Working with Lists
- Lists of Lists
- n-Dimensional Lists

Chapter 7: Code Blocks and DesignScript

- What's a Code Block?
- DesignScript Syntax
- Shorthand
- Functions

Technical Education Services

Chapter 8: Dynamo for Revit

- The Revit Connection
- Selecting
- Editing
- Creating
- Customising
- Documenting

Chapter 9: Custom Nodes

- Custom Node Introduction
- Creating a Custom Node
- Publishing to Your Library
- Python Nodes
- Python and Revit

Chapter 10: Packages

- Package Introduction
- Package Case Study – Mesh Toolkit
- Developing a Package
- Publishing a Package
- Zero-Touch Importing

Chapter 11: Web Experience

- Send to Web
- Customise View

Technical Education Services

Chapter 12: Best Practices

- Graph Strategies
- Scripting Strategies
- Scripting Reference

Appendix

- Resources
- Index of Nodes
- Useful Packages
- Example Files

Cancellation Policy

The following cancellation policy shall apply to all training and consulting engagements including customised training solutions:

Redstack reserves the right to reschedule or cancel the date, time and location of its class at any time. In the event that a Training Class is cancelled by Redstack, Customer is entitled to a full refund. Redstack shall not be responsible for any other loss incurred by Customer as a result of a cancellation or reschedule.

For Customer cancellations when written notice is received (i) at least ten (10) business days in advance of the class, Customer is entitled to a full refund of its payment or reschedule enrolment, (ii) less than ten (10) business days, Customer shall not be entitled to a refund, but shall receive a class credit to be used within three (3) months of the date of the original class.

Student substitutions are acceptable with at least two (2) days prior notice to the class, provided substitution meets course prerequisites and is approved by Redstack

For all Training orders, cancellation notices must be submitted in writing. Redstack is not responsible for any error in the delivery of the email notice. In the event of any reschedule of any training or consulting services by Customer, Redstack will invoice Customer for all non-cancellable travel expenses.

For more information, contact us on 1300 667 263.
