AutoCAD® Plant 3D Fundamentals

Course Length: 3 days

The features and functionality of AutoCAD® P&ID and AutoCAD® Plant 3D are covered in this course. Using P&ID and Plant 3D, you will design process diagrams, 3D equipment, structure, pipe specifications and routing. Automatically create Orthogonal and Isometric views to document the design.

This class is intended primarily for Process Engineers, Designers or Draftsmen who are required to design, document and maintain process equipment and piping systems.

After completing this class, users will be able to:

- Create structural equipment platforms
- Create and place schematic and 3D equipment
- Route schematic and 3D pipe between equipment
- Design schematic instrumentation
- Create structural pipe racks and supports
- Import/Export project data to complete the design
- Populate tag (property) data and annotate design
- Validate and modify your design
- Create orthographic drawings
- Create isometric drawings

Cancellation Policy

The following cancellation policy shall apply to all training and consulting engagements including customised training solutions:

Redstack reserves the right to reschedule or cancel the date, time and location of its class at any time. In the event that a Training Class is cancelled by Redstack, Customer is entitled to a full refund. Redstack shall not be responsible for any other loss incurred by Customer as a result of a cancellation or reschedule.

For Customer cancellations when written notice is received (i) at least ten (10) business days in advance of the class, Customer is entitled to a full refund of its payment or reschedule enrolment, (ii) less than ten (10) business days, Customer shall not be entitled to a refund, but shall receive a class credit to be used within three (3) months of the date of the original class.

Student substitutions are acceptable with at least two (2) days prior notice to the class, provided substitution meets course prerequisites and is approved by Redstack

For all Training orders, cancellation notices must be submitted in writing. Redstack is not responsible for any error in the delivery of the email notice. In the event of any reschedule of any training or consulting services by Customer, Redstack will invoice Customer for all non-cancellable travel expenses.
